Lorena,

The question that i have asked 5 times now and you have not answered is:

Why are the minutes only available in paper format and not electronic format?

And I will not be accepting the answer that you can't recall who suggested putting the these two items on the agenda.

Since the Godmothers letter directly benefits one of the directors of the board and since this was not disclosed at the meeting where it was brought up I consider this an undisclosed conflict of interest and am going to peruse having this investigated and having this letter withdrawn from the CUP application.
